Proposal 2: Partial Amendments to the Articles of Incorporation

1. Reasons for proposal

(1) Under the Act for Partially Amending the Industrial Competitiveness Enhancement Act and Other Related Acts (Act No. 70 of 2021), listed companies are now permitted to hold general meetings of shareholders without a designated location (so-called virtual-only shareholders’ meetings). The Company believes that expanding choices for the method of holding the general meeting of shareholders should contribute to the interests of the Company’s shareholders, allowing for large-scale disasters such as the spread of infectious diseases and natural disasters and the progressive digitalization of society as a whole, and therefore proposes to add holding a general meeting of shareholders without a designated location to Article 13 (Convocation) of its current Articles of Incorporation.

The rights of all shareholders will be given maximum priority when determining the method used to hold each general meeting of shareholders. Decisions will be made carefully, by resolution of the Board of Directors, in view of social demands based on factors such as the spread of infectious diseases and large-scale disasters. In making these changes, the Company has obtained confirmation from the Minister of Economy, Trade and Industry and the Minister of Justice that they meet the requirements designated in the Ordinance of the Ministry of Economy, Trade and Industry and the Ordinance of the Ministry of Justice.

(2) The amended provisions stipulated in the proviso of Article 1 of the supplementary provisions of the “Act Partially Amending the Companies Act” (Act No. 70 of 2019) came into force on September 1, 2022. Accordingly, the Company proposes to establish the amended Article 16 (Measures for Electronic Provision, Etc.), which will provide that information contained in the reference documents for the general meeting of shareholders, etc. will be provided electronically and limit the scope of matters to be included in the paper copy to be sent to shareholders who have requested it, and to delete the provisions of the current Article 16 (Internet Disclosure and Deemed Provision of Reference Documents for the General Meeting of Shareholders, Etc.). The Company further proposes to establish supplementary provisions concerning transitional measures, etc.

2. Details of amendments

The details of the amendments are as follows.
